

**TESTIMONY ON "RENT CAPS" - S.B. 4, "HOUSING AFFORDABILITY
- H.B. 6781, & "TENANTS RIGHTS" - H.B. 6780**

What right do you really believe the State has to infringe upon private contracts and property rights? There are already an unbelievable number of laws (many that should not be there) on the books that were written to "protect" renters from nefarious or unscrupulous landlords. ENFORCE those. STOP with this ridiculousness!

These are City and Town issues. Support them in enforcement of existing laws.

I am greatly opposed to this Bill. I urge you to please not support it. Bury it.
